Theorem CONSULTING

Associate Director – Corporate Finance

Company description

Theorem Consulting is an independent corporate advisory firm specialising in Mergers & Acquisitions (**M&A**), valuation, capital structuring and financing, dedicated to providing tailored advice with integrity and expertise to achieve optimal outcomes for its clients. The firm delivers bespoke and analytically sound solutions to help leading Australian companies navigate critical corporate, financial and strategic decisions.

Role description

An exceptional opportunity offering a competitive salary and bonuses, for a motivated, high-calibre individual to make a significant contribution to developing the firm. This is a full-time, on-site role based in the CBD of Sydney, Australia.

The Associate Director will be intensively involved in all aspects across the firm's high-level financial advisory and consulting engagements, including M&A, detailed valuation analysis, capital management and structuring, debt and equity financing transactions and independent expert engagements. The role will require interaction with cross-functional teams, developing and managing client relationships, conducting detailed financial analysis and research, and ensuring the successful execution of complex projects, with a disciplined focus on achieving client objectives.

Key requirements

- 6+ years experience within a corporate finance, capital markets or related environment
- High level of initiative, leadership and decision-making capabilities to guide teams and drive strategy
- Exemplary communication and presentation skills with an inquisitive mindset and strong research capabilities
- Proficiency in financial analysis and modelling (VBA / Tableu or data analysis skills desirable)
- Understanding of legal, tax and regulatory issues impacting corporate finance and capital markets transactions
- Track record of problem solving and delivering intellectually rigorous and analytically sound client solutions
- Postgraduate or professional qualifications (e.g. Actuarial or CFA) highly regarded
