Nominee Statement

I have been an active member of the actuarial profession throughout my career, but particularly since joining the SIPC in 2008. I had a brief stint on Council in 2012 to fill a casual vacancy and would now like to join Council again to contribute to the ongoing management and development of the profession.

I have had a lot of experience as both a Member and Chair of numerous Institute committees, and I have also served on the Board of ASFA (the Association of Superannuation Funds of Australia) from November 2015 to April 2019 and again from November 2019 to November 2023. During this latter period, I was also Chair of the Finance & Risk Committee and a Member of the HR & Remuneration Committee for ASFA.

I am particularly passionate about building the brand of an actuary and the many roles we can play within and for the benefit of the communities we serve. To that end, I am an active contributor on LinkedIn to help build the profession's profile. During my career, I have recruited and mentored numerous actuaries, and I see this as another opportunity to help develop our profession for future generations of actuaries in a changing world.

With your support, I look forward to serving the profession on Council to help ensure its continued success.
