New risks for the future?

Actuaries
Institute.

Presented at the 2024 All Actuaries Summit

Things to think about

Your model will be wrong!

- Scenario analysis
- Look for frailties

We are only actuaries

- Multi-disciplinary teams
- Diverse and challenging thinking

We are much more connected

- Fat tails getting fatter
- There is more complexity

We can help find new solutions

- Alternative risk transfer markets
- Limiting the risk
