

ClearView is an ASX listed, fast-growing, organisation that focuses on providing high-quality life insurance to individuals and families. At ClearView, we are dedicated to fostering a culture of collaboration, integrity, and growth, and we pride ourselves on helping our employees thrive both professionally and personally.

ClearView is seeking a Senior Actuarial Analyst to join our Actuarial team. In this role, you will primarily support the team with experience investigations, data analytics and regulatory reporting for ClearView's life insurance business. While the main focus will be on experience investigations, the role may also involve supporting other actuarial functions across the business.

Key Responsibilities:

- Support the statutory responsibilities of the Appointed Actuary, including preparing assumption setting reports, completing the annual Financial Condition Report and Actuarial Valuation Report, and handling LRS 750 and CALI data submissions.
- Lead the completion of annual experience investigations and other data submissions.
- Take ownership of the development and continuous improvement of experience investigation models.
- Compile and report on regular dashboard and experience packs, ensuring accurate and timely delivery of data.

Key Relationships:

- Auditors
- Regulators
- KPMG (CALI industry experience investigation)
- APRA
- The wider Actuarial team
- Finance team
- Claims and Admin teams
- Pricing team
- Data team

Qualifications, attributes and/or Skills Required:

- Completed or exempted Foundational and Actuary level subjects via the Institute of Actuaries of Australia.
- 4+ years of actuarial experience in life insurance, with a strong focus on experience analysis – **desirable**
- Currently studying for Fellowship Actuarial exams.
- Excellent interpersonal and communication skills (both oral and written).
- A dynamic individual with an aptitude for innovation and continuous improvement.
- Strong actuarial judgement and critical thinking skills.
- Advanced SQL programming skills – **desirable**
- Experience with Python and Power BI – **desirable**

Why us? Our benefits:

ClearView is an ASX-listed Australian life insurance business. For over a decade we've served our customers with a clear vision: to help Australians and their families achieve peace of mind about their future while being a positive force for our people, partners, customers and community.

Our flat structure offers an innovative culture, where ideas are welcomed, and results are recognised. Join us and you will be joining a group of likeminded, passionate people who turn up every day to share, help and be better than yesterday...*together!*

Values: Integrity, Collaboration, Authenticity, Persistence

Some of our benefits include:

- **Workplace flexibility** - We have a hybrid working model, giving you to opportunity to work from home 2 days per week. This gives you the support you need to help balance your career with the things that make your life rich - such as family, health and doing the things you love.
- **Employee Referral Program** - successfully refer a friend and receive \$1,000
- **Extended Parental Leave** - 16 weeks paid Parental leave cover
- **Additional Leave** - We offer up to another full week of paid leave
- **Volunteer Day** - 2 days of paid leave to volunteer in the community per year
- **IPAC rewards** - an extensive rewards program offering discounts and cash-back deals at over 350+ retailers

- **LinkedIn Learning** - Over 6,000 Courses and accreditations available to all staff, 24/7
- **Reward & Recognition Program** - Quarterly & Annual Awards celebrating employees and teams who are exceptional in living the ClearView values
- **Staff Discounts** - 27.5% discount on ClearView's life insurance product, ClearChoice
- **Study Assistance** - ClearView promotes learning and will provide financial assistance for approved learning and time off work to study and complete exams

If you're passionate about actuarial work and ready to grow with a fast-paced, supportive team, we'd love to hear from you!
